

Taps – Mix & Match

All of our taps can be mixed and matched and can be mounted in the following ways:

- Single deck mount
- Double deck mount
- Single wall mount
- Double wall mount
- Monobloc deck mount

The following pages show an extensive range of the most popular combinations. However, you can choose the mount type you require and then select the spout from our collection. Simply call our sales team on 01327 311 144 and they will provide you with the product codes and prices for your combination.

Spout options come in a range of sizes varying from 6" to 12" and up to 24" for the double-jointed spout.

Spout options include:

- Gooseneck spout
- Swing spout
- Double-jointed spout

Wrist Blades

Wrist blades provide the user with full functionality of the tap without having to use your hands to turn the water on or off. This enables a higher standard of hygiene to be maintained.

A selection of our taps are also available with wrist blades. Call our sales team on 01327 311 144 to obtain a quote for this additional feature.
