

Sink Unit – Assembly Instructions

Contents in box:

Shelf

2 x Short Legs

2 x Long Legs

16 x M8 x 20mm Bolt

16 x M8 Washer

4 x M6 x 20mm Bolt

4 x M6 x 20mm Washer

- Lay the sink top face down ensuring the surface is protected from the floor
- Using 3 x M8 bolts and washers per leg, attach the 2 x short legs to the end nearest the bowl, ensuring the shelf holes on the legs face each other (point inwards) – assemble loosely at this stage

- Repeat this procedure on the 2 x long legs at the opposite end

This image shows how it would look if the legs were located at the wrong end

- Lay the sink unit on its side ensuring the surface is protected from the floor
- Attach the shelf onto the legs using the remaining 4 x M8 bolts and washers and the 4 x M6 bolts and washers

- Fully tighten all bolts
- Remove the protective plastic coating from the sink top and shelf
- Adjust the plastic feet to ensure that the completed unit stands level.
